Are you out there?
Or is it only me?
In the darkness
Oh, I long to see
Seeking courage to voice what I believe
I am learning my imperfections are a part of me

So turn on the light so all can see
Oh, there's nothing to hide
'Cause we all know pain and we all know grief

(Chorus)

So show me the way
I am tired of running backwards
In this empty space
I am searching for an answer
I am lost so won't you show me the way

What am I missing when I refuse to change
What am I suppressing when I'm not making waves
I dream of freedom, of unassuming love
But are we crippled? Oh forever are we numb?

(Chorus)

No more excuses, I know what I've lost
'Cause I've seen both sides
And I know the pain that I've caused

(Chorus)

Show me the way, show me the way
