It was last night that I saw ya
You were dancin' in the corner of our favorite club
(It was) instantly love, oh girl
You were puttin' on a show
Watching your body go
Was so much more
Than sensual

Oh I need what you got
I will never ever stop
Until I know that you're my girl
(Cause) you're the one I want in my world
All that matters now
Gettin' through to you somehow
I would do
Anything for you

Cause it's the fire in your eyes that's burnin' deep
inside of me
But's it's a feeling I have to hide cause it's too soon to
let you see
(So hot) girl what can I do
(So hot) yeah I'm falling for you
But I gotta gotta keep my cool

I know a lot of other guys
Who'd like to have you in their life
But there's no chance
Cause I will dance
Circles all around your heart
I will have you seeing stars
And falling right into my arms

Oh I'll give it all I got
I will never ever stop
Until I know that you're my girl
(Cause) you're the one I want in my world
All that matters now
Gettin' through to you somehow
I will do
Anything for you

Need to find the key
To unlock your door
Never gone this far
For anyone before
It' won't leave me alone
It won't let me be
I can't break free
'Til you're with me

The fire in your eyes now baby
The love I feel inside for you
(So hot) girl what can I do
(So hot) yes I'm falling for you
I just gotta gotta keep my cool
