He thinks of himself as a victim of love
He's not - He's a volunteer
He has consistently fallen for all the wrong women
Year after year after year
And now he blames every woman who has ever kissed
him
Told him that she loved him and later dismissed him
And now he thinks he's a walking victim
He's not - He's a volunteer
She thinks of herself as a victim of circumstance
When she's a volunteer
She has placed her life in the hands of every man
Fool enough to come near
And now she blames anyone who she thinks has used
her
Emotionally, or mentally abused her
She's not a victim running from a persecutor
No - She's a volunteer
And he thinks of himself as a victim of fate
When he just volunteers
He has invested his money in well bred astrologers
Healers, Psychic Seers
And now he blames every tilted constellation
Or every negative vibration
He's not a victim of UFO infestation
He's a volunteer
Oh pick the numbers
Shake the sticks
Read the tea leaves
Light the wicks
Point the finger
Pass the buck
Blame it all on lady luck
Do you think of yourself as a victim?
Or do you volunteer?
Do you let somebody else call all of your shots?
Do you cower in the corner in fear?
Or do you follow because it is easy to do?
Do you fool with modern high tech voodoo?
Too bad if you're a victim or whatever you do?
Don't volunteer
Or do you follow because it is easy to do?

Do you fool with modern high tech voodoo?
Too bad if you're a victim but whatever you do
Don't volunteer
Why would ya volunteer?
Please don't volunteer!
