Don't be afraid of the light that shines within you.

Out of the cold, dark winter space  
We come together, looking for Brigid's grace  
We dip our open hands deep into the well  
Where our rivers run to, who can tell, who can tell

We warm our hearts and faces in the heat of the  
burning flame  
Something about our spirit never stays the same

Don't be afraid of the light that shines within you  
Don't be afraid of the light that shines within you  
Don't be afraid of the light that shines within you  
Within you

So many lives in shadows, with so much to give away  
Brilliant dreams in waiting, to see the light of day  
We step up to the well at the dawn of spring time  
When we go our way, we let the light shine, let your  
light shine

Don't be afraid of the light that shines within you  
Don't be afraid of the light that shines within you  
Don't be afraid of the light that shines within you  
Let the light protect you  
Let the light direct you  
Don't be afraid  
Don't be afraid  
The light that shines within you.
