It's here it's today
I'm never going back again
Before I move on
I need to get your last kiss

Girl, some things will never change
Some stay alone
Some cry and some get strange
And there's so little time
To make it on your own

I'm guarded by angels
For dreams I run
And I have nothing
Nothing in this town

Just say it's ok
I'm doing better than ever
To see, to sail
Away to the heavens

Some things will never change
Some stay alone
Some cry and some get strange
And there's so little time
To make it on your own

I'm guarded by angels
For dreams I run
And I have nothing
Nothing in this town

I'm guarded by angels
For dreams I run
And I have nothing
Lost in this town
