Videos and TVs crowding the brain  
Keeping feeling down.  
Some of these machines can put the mind to sleep  
Keeping feeling down.  
Watch the birds depart to the winter sun  
Free to fly as they please.  
Watch the rivers run their lives to the sea  
Free to flow at their ease.

As long as my thoughts they are free  
Nobody can take love from me  
As long as I look there it will be.  
Whenever I'm worried or uptight  
I know that it's going to be alright  
Just a feeling inside me.

Sunny summer days at Carnsore Point  
People gathered round.  
Music in our ears and love in our hearts  
People gathered round.  
Summer '81 at the GPO  
People gathered round.  
With sorrow in our souls and love in our hearts  
People gathered round.

As long as my thoughts they are free  
Nobody can take love from me  
As long as I look there it will be.  
Whenever I'm worried or uptight  
I know that it's going to be alright  
It's just a feeling inside me  
Something's greater than me.

As long as my thoughts they are free  
Nobody can take love from me  
As long as I look there it will be.  
Whenever I'm worried or uptight  
I know that it's going to be alright  
It's just a feeling inside me  
Just a feeling inside me ...
