They had long forgotten days
Cruel men and cruel ways
Madmen screaming super race in Germany
They said "Sing!" and "Entertain!"
"We like you here to please our men
Before they go to war again in Germany."

Europe's ready for the fight
Explode us into the darkest night
The only hope left in the world
Is a German girl

We met in Hamburg in '76
In a concert hall and my eyes were fixed
I couldn't see you clear
But I could feel you there
A night in Hamburg holding hands
You said that in your future plans
You would come to Ireland
And see me there
Sabina, German girl.
Sabina, German girl.

Walking on an Irish shore
You said that you feared once more
They'd come knocking down the doors in Germany
Circle's come around again
Cruel ways of cruel men
You must return again to Germany
Sabina, German girl.
Sabina, German girl.

Europe's ready for the fight
Explode us into the darkest night
The only hope left in the world
Is a German girl
Sabina, German girl.
Sabina, German girl...
