If winter's snow should fall
And the sky is pale and blue
If you're needing holding
Let me come to you
Girl, let me come to you
Girl, let me come to you

It's pretty as a morning
Gentle as a dove
She shines like the sunlight
The lady I love
Girl, the lady I love
Girl, the lady I love

Let me warm you
And let me keep you cool
And let me love you

Together through the rain
And we're walking in the snow
We'll find the sunrise
Everywhere we go
Girl, everywhere we go
Girl, everywhere we go
