I'm the keeper of the flame
My torch of love, it lights her name
Ask no pity, beg no shame,
I'm the keeper of the flame

Played with fire, I was burned
Gave a heart, but I was spurned
All these years how I have yearned
Just to have my love returned

Years have gone by
Still the sparks remain
True love can't die
It smolders in the flames

When the fire is burning out
And the angels call my name
Dying love will leave no doubt
I'm the keeper of the flame

Years have passed by
Still the sparks remain
True love can't die
It smolders in the flames

When the fire is burning out
And the angels call my name
Dying love will leave no doubt
I'm the keeper of the flame
I'm the keeper of the flame
