"Strange Old Place"

Walking by windows
Hand in hand
Under the moon
We love the Jordaan

I give you my kisses
Secrets to keep
Whispery love songs
Before our sleep

Junkies in doorways
Their heads hang low
Bittersweet moon lights
The whole night show

Yet when I see you
That smile on your face
I see only love
In a strange old place

So many changes
So much is the same
In the heart of a city
Its dances and games

Walking by windows
Hand in hand
Under the moon
We love the Jordaan
It's a strange old place
It's a strange old place
