Always thought it was so clear, as the rearview mirror
at night.

I saw your face and cried cause you left me there to
die.

Well maybe love is different.

Maybe love has changed.

Maybe loves' the reason that's causing this pain.

I'm letting you go.

(Chorus)

Burning bridges in June and it's all cause of you.

No it's not too complicated, I just think you're
overrated.

Burning bridges in June and it's all cause of you.

No it's not too complicated, I just think you're
overrated.

You always said that you'd be a star way in California.

You always said I consider myself a little self
centered.

I know there aint' nothing wrong with me.

Cause you're a beautiful mess to me.

Well maybe loves' the reason that is causing me this
pain.

I'm letting you go.

(Chorus)

Burning bridges in June and it's all cause of you.

No it's not too complicated, I just think you're
overrated.

Burning bridges in June and it's all cause of you.

No it's not too complicated, I just think you're
overrated.

But I gave you all that's left, I'm so sorry.

I tried to give you my life and glory.

But I'm over you. Are you over me?

I think that maybe this time, maybe this time

(Chorus)

We're burning bridges in June and it's all cause of you.

No it's not too complicated, I just think you're

overrated.
Burning bridges in June and it's all cause of you.
No it's not too complicated, I just think you're
overrated.

Maybe someday you'll see,
No one gets the best of me.
Well I'm here standing tall.
Don't need no one at all.
I don't need no one at all.
No one at all.
Ooo...
