Don't you worry 'bout what's on your mind  
I'm in no hurry, I can take my time woman  
I'm going red and my tounge's getting tied  
I'm off my head and my mouth's getting dry  
I'm high, but I try, try, try

Let's spend the night together  
Now I need you more than ever  
Let's spend the night together now  
Lets spend the night together  
Let's spend the night together  
Now I need you more than ever  
Let's spend the night together now  
Lets spend the night together

You know I'm smiling, baby  
You need some guiding, baby  
I'm just deciding, baby, now  
I need you more than ever  
Let's spend the night together  
Let's spend the night together now
