It took me and four of my buddies  
Half the night to pull out my truck  
I stood there and proclaimed to everybody  
It's the last time I'll mess with this mud  
The boys they all grinned  
And two nights from then

Chorus

I did it again just one more time  
Even I swore that I'd lost my mind  
But I turned right around and just like a fool  
Did what any old country boy'd do  
I did it again

I took my first sip of cold beer  
And tried not to spit it back up  
I set it back down on that tailgate  
Told myself I'd had enough  
Then like a real man  
I took hold of that can, and

Chorus

I guess I'm a slow learner, I ought to know better  
Than to do what I do, but I ain't no quitter

The other night we got a little rowdy  
I woke up with one eye swole shut  
Yeah things got out of hand at that party  
I said that's it, it's 'bout time I grow up  
But that next weekend, I called all my friends and

I did it again just one more time  
Even I swore that I'd lost my mind  
But I turned right around and just like a fool  
Did what any old country boy'd do  
Yeah what any old country boy'd do  
I did it again, I did it again  
I done done it again, I did it again
