We've been up here in the city
Livin' in the gears that grind
Girl, it's a doggone pity
We ain't been gettin' any time

I've been preachin' 'bout back home
How it can make you feel so alive
Tell you what we can do
Let's me and you
Take a little drive

Welcome to the farm
Where you can roll your windows down
Baby, take my arm
Ain't hearin' nothin' such a beautiful sound
We can take the tractor down the road
Go walkin' around the bend
We can lay by the river, climb up in the barn
Welcome to the farm

There ain't no card in your pocket
That'll turn your gas pump on
It's cash for everything around here
That's just the way it's been for so long

How do you like your Coke from a green glass bottle
It's colder than that plastic stuff
Watch how Miss Annie at the counter
Tells that story 'bout me wreckin' my truck

Welcome to the farm
Where you can roll your windows down
Baby, take my arm
Ain't hearin' nothin' such a beautiful sound
We can take the tractor down the road
Go walkin' around the bend
Lay by the river, climb up in the barn
Welcome to the farm

Pine straw in your hair, not an ounce of makeup on ya
As the sun goes down, girl, I ain't ever seen ya

Lookin' so good as you do right now

Welcome to the farm
Where you can roll your windows down
Baby, take my arm
Ain't hearin' nothin' such a beautiful sound
We can take the tractor down the road
Go walkin' around the bend
Lay by the river, climb up in the barn
Welcome to the farm

Right there's an ol' stepside
How 'bout that blue sky
So pretty, it'll make you cry

We can roll on over yonder
Or sit right here and ponder
Watch the wind whirl by
