Girl, I know I don't know you.  
But your pretty little eyes so blue,  
Are pulling me in like the moon on your skin.  
I'm so glad you trusted me, to slide up on this dusty  
seat.  
And let your hair down, and get outta town.

Got the stars comin' out,  
Over my hood  
And all I know now.  
Is it's going good.

You got your hands up,  
You're rocking in my truck.  
You got the radio on,  
You're singing every song.  
I'm set on cruise control.  
I'm slowing loosing hold of everything I've got.  
You're looking so damn hot.  
And I don't know what road we're on,  
Or where we've been from starrin' at you, Girl.  
All I know is I don't want this night to end.

Gonna cuss the morning,  
When it comes.  
Cause I know that the rising sun,  
Ain't no good for me.  
Cause you'll have to leave.  
Gonna make the most of every mile.  
Do anything to make your smile,  
Land on my lips.  
And get drunk on your kiss.  
The clock on the dash,  
Says 3:35.  
There's plenty of gas,  
And the night's still alive.

You got your hands up,  
You're rocking in my truck.  
You got the radio on,  
You're singing every song.

I'm set on cruise control.  
I'm slowing loosing hold of everything I've got.  
You're looking so damn hot.  
And I don't know what road we're on,  
Or where we've been from starrin' at you, Girl.  
All I know is I don't want this night to end.

You got your hands up,  
You're rocking in my truck.  
You got the radio on,  
You're singing every song.  
I'm set on cruise control.  
I'm slowing loosing hold of everything I've got.  
You're looking so damn hot.  
And I don't know what road we're on,  
Or where we've been from starrin' at you, Girl.  
All I know is I don't want this night to end.

No I don't want this night to end
