Could this be the road
Is this everything that I've been searching for...
Cause every voice in my head keeps tellin' me
That my heart's found home

You're just a step away
Am I wasting far too many days
Chasing dreams when they're right in front of me
When my heart's found home

Here I stand
At this destination
Now I see you with my eyes wide open
I don't wanna let you go
Cause everything I know
Tells me
You're where I belong

This journey has no end
Cause I'm ready to take this pain?
? just give in and I won't hesitate
Mabey I found my home

Here I stand
At this Destination
Now I see you with my eyes wide open
I don't wanna let you go
Cause everything I know
Tells me
You're where I belong

I was stupid
Never knew you were right here
All along

Here I stand
At this destination
Now I see you with my eyes wide open
I don't wanna let you go
Cause everything I know
Tells me
You're where I belong
