Who knows, who knows
How it will be tomorrow
I had a dream about it
It was so clear

You know, you know
How it was yesterday
I had to think about it
And she'd a tear

Wasn't it enough to watch them die
A million times
In their eyes and in their child
You saw yourself

Over the hill, there's another one still to climb
Up, up, up
Behind the wall, there's another one waiting to fall
Down

The rabbit warren doesn't end until it's gone.
Over the hill, behind the wall
