From here to a lie, it sends you away
Can you get it back tomorrow or today

You stole the dream that wasn't yours
Locked inside, behind closed doors
You stole the dream that kept me awake
And crushed my heart

It's never too late to let the bonfires of time
To make you, to make you mine

Can't open mysteries with hollow way
It just feeds the midnight and kills the day, no

You stole the dream that kept me awake
And crushed my heart

It's never too late to let the bonfires of time
To make you, to make you mine
It's never too late to let the bonfires of time
To make you, to make you mine
To make you mine

It's the rush your love
All colors turn to black

It's never too late to let the bonfires of time
To make you, to make you mine
It's never too late to let the bonfires of time
To make you, to make you mine
To make you mine, make you mine
