I Wanted To Believe  
But Now It's Crushing Me

In Your Eyes  
I Can See The Blazing Flame  
Once It's Gone  
There Is No One Left To Blame

I Wanted To Believe  
But Now It's Crushing Me

In Your Eyes  
I Can See The Blazing Flame  
Once It's Gone  
There Is No One Left To Blame

I've Danced With Fear  
With Fear Of Losing You  
It Won't Disappear  
So I Will Dance With Fear

I've Danced With Fear  
With Fear Of Losing You  
It Won't Disappear  
So I Will Dance With Fear

Nothing Left To Say  
I Just Let It Fade Away

Through Your Lies  
I Couldn't See, Hypnotized  
Once you're gone  
I'll Be Left Paralyzed

I've Danced With Fear  
With Fear Of Losing You  
It Won't Disappear  
So I Will Dance With Fear

I've Danced With Fear  
With Fear Of Losing You

It Won't Disappear  
So I Will Dance With Fear

Dance With Fear

Through Your Lies  
I Couldn't See, Hypnotized  
Once you're gone  
I'll Be Left Paralyzed

Through Your Lies  
I Couldn't See

I've Danced With Fear  
With Fear Of Losing You  
It Won't Disappear  
So I Will Dance With Fear

I've Danced With Fear  
With Fear Of Losing You  
It Won't Disappear  
So I Will Dance With Fear

Dance With Fear  
Dance With Fear
