Finders not keepers, and all that's left is just  
reminders,  
Love in pieces, the debris and the dust of memories,  
That linger so long, the heartaches that keep hanging  
on,  
Just wondering where it all went wrong and whether i  
can start anew,  
Oh but i could never miss you more than i do,  
Chorus:  
Loving you like this oh i could never miss you more  
than i do,  
Loving you like this oh i could never miss you more  
than i do,  
Beggars can't be choosers, and i've had my share of  
backing nothing,  
But losers, but if i searched the whole world over, from  
pillar to post,  
Your the one that i need the most, if i combed this land  
from coast to  
Coast who would take the place of you,  
Cause i could never miss you more than i do.  
Chorus:  
Loving you like this oh i could never miss you more  
than i do,  
Loving you like this oh i could never miss you more  
than i do,  
I couldn't love you any better, i couldn't love you any  
more, cause i  
Spend each and every second each and every hour  
hoping you'll be at  
My door.  
Chorus:  
Loving you like this oh i could never miss you more  
than i do,  
Loving you like this oh i could never miss you more  
than i do,  
Loving you like this oh i could never miss you more  
than i do,  
Loving you like this oh i could never miss you more  
than i do.
