If I were you  
I'd look the situation over  
Wasn't just by accident  
Our paths were meant to cross eventually  
You say you've lost each time you tried to give  
Well I don't mean to tell you how to live  
Ooh but if I were you  
I'd fall in love with me

Don't get me wrong  
I don't pretend to know the future  
If you feel it half as much  
When your body touches me  
Then you must know it's worth at least a try  
So please don't let the good times pass you by  
Ooh baby if I were you (if I were you)  
I'd fall in love with me

And if you were me  
You'd feel a pounding deep inside you growing  
stronger  
And through these eyes  
You know there isn't any reason  
To wait  
Any longer

Ooh take my advice  
And all the love I have to give you  
Odds are this time you just can't miss  
What happened in the past is history  
But what's going on right now  
Can't be denied  
Now I only want to help you to decide  
Ooh if I were you  
I'd fall in love with me  
Uh huh huh huh baby if I were you  
I'd fall in love with me  
Ooh baby if I were you  
I'd fall in love with me
