"Me, The Peaceful Heart"

Sittin' in the shade of a rain soaked orange blossom
Wonderin' which way I can turn my sorrow
Now he's left me behind
Countin' my bridges and wonderin' which way to cross
'em
Thinkin' of a way I can stop myself from cryin'

Thinking 'bout love that brought us together
Thinking 'bout love that keeps us apart
Wonderin' why the stormy weather
Always finds me, the peaceful heart

Good times, bad times, sometimes I used to be happy
Everything swung, even bells rung for me
Life was going my way
Sunshine, moonshine, what's the use of bein' happy
When all the time you know it's just got to fade away

Thinkin' 'bout love that brought us together
Thinkin' 'bout love that keeps us apart
Wonderin' why the stormy weather
Always finds me, the peaceful heart

Thinkin' 'bout love that brought us together
Thinkin' 'bout love that keeps us apart
Wonderin' why the stormy weather
Always finds me, the peaceful heart
