look at you now  
look you doing  
look at your face  
as your standing over there  
you do not seem so happy  
so you need to...

(chorus)  
find the pot of gold  
hiding near the rainbow  
never knowing where it goes  
all ways near the rainbow  
is there any gold at the end of the ray-ain-bow  
You need to search to find the truth

You are lonesome  
no-one there  
you have no thou-or-orts you can spare  
theres no special(quite high)anyone  
but i know there by bestfriend sonnnnnnnnnnnn  
oh i oh oh oh
