you treated me like dirt
you didn't care that it really hurt
you acted like a fool to me

'cos you pushed me to the limit
and my head's spinning round and round
you deserve it
and there's something that i found

(chorus)

you're a piece of dirt on my shoe
that i really dont care about
you're just such a pig
i can even see your snout
treating me nicely
is something that i really doubt
cos i hate u , i hate u , whats that about

you're stepping on thin ice
i dont have 2 tell u twice
just get out that door tonight

'cos u pushed me to the limit
and my heads spinning round and round
u deserve it
and theres something that i found

(repeat chorus)

'cos u pushed me 2 the limit
and my heads spinning round and round
u deserve it
and theres something that i found

(chorus x2)

p.s. by the way , i made up the song myself and i have
a tune for it!
