[x2]

Give me something I can feel life
Give me something that's for real like

I think its you the one for me and me for you
Our destiny, Its still waiting to be fulfilled
Follow your heart I know you will

Give me the words, the melody
You play the music right to my beat
Larger than life the air I breath
Your so much than I could dream

[Chorus]

It blows my mind how you shine your so fine
Can you be mine?
Until the end of time
Until the end of time
All mine
All mine

I can be your girl

[x2]

Give me something I can feel life
Give me something that's for real like

Like Romeo and Juliet I been so in love since we first
met
It really is that's how I feel
If fate took you from me I couldn't deal
our vision it seems so unreal
I never knew all this I could feel

My happiness, I'm so in love
I knew are time was so well spent

[Chorus]

[Bridge]

[x4]
I can be your girl
