Somethin's changin' in my mind
I'm lookin' for a key
You came through but just passed by
Gave me enough to see
I'm lookin' for no other guy
I'll search until I find
Thinkin' of just you and I
You and I

Do you wanna, wanna know how?
How it's all gon', gonna go down?
I believe that, me and you can
Get together, we can be that
Do you wanna, wanna know how?
How it's all gon', gonna go down?
I believe that, me and you can
Get together, we can be that

Patiently I'm waitin' for you to notice me
I know you have what you don't know
How deep are my feelin's
It's somethin' that I just can't hide
I'll just push it aside
So won't you just give me a try
Me a try

Do you wanna, wanna know how?
How it's all gon', gonna go down?
I believe that, me and you can
Get together, we can be that
Do you wanna, wanna know how?
How it's all gon', gonna go down?
I believe that, me and you can
Get together, we can be that

You could take me, mate me
Please don't break me
Wanna have it together so we can rock daily
This beautiful site in front of my eyes
Got me up in a sweat, breakin' out in halves
Had to swallow my pride, couldn't let him go by
So I step to my Benz, let him know what it is

In the future maybe we can have some kids
But for now let's get to know each other
And just live

My feelin's are too strong to hide anymore
So I let you know, let you know
I'm dealin' wit' my heart not pride
Anymore so I let it show, let you show
If you wanna be by my side, maybe don't hide
It's you and I, you and I

Do you wanna, wanna know how?
How it's all gon', gonna go down?
I believe that, me and you can
Get together, we can be that
Do you wanna, wanna know how?
How it's all gon', gonna go down?
I believe that, me and you can
Get together, we can be that
