Honestly if I tell you baby  
Never has a man made me so crazy  
I swear it caught me by surprise  
(The way I see you in these eyes)

There ain't another that can face  
The challenger before a place  
I've let it go, I've plead my case  
(I've let it go, I've plead my case)

And I'm scared, 'cause I've dared  
To love you and be there  
Through whatever, I'm just hopin'  
Me and you can stay together

And I'm scared, 'cause I've dared  
To love you and be there  
Through whatever, I'm just hopin'  
Me and you can stay together

If you want me to stay, I'll never leave you  
Won't play for real, it's just me and you  
Can't count the ways that I feel you  
And can't sleep the days if I don't see you

If you want me to stay, I'll never leave you  
Won't play for real, it's just me and you  
Can't count the ways that I feel you  
And can't sleep the days if I don't see you

You're my one, my only  
And I never wanna leave you lonely  
Your strength makes me believe that you can  
(Give a definition of a real man)

In my future thoughts, you are in my plans  
Wish our destiny could be in my hands  
Who knows if you do feel the same?  
(Once there my feelings ain't gon' change)

And I'm scared, 'cause I've dared  
To love you and be there

Through whatever, I'm just hopin'  
Me and you can stay together

And I'm scared, 'cause I've dared  
To love you and be there  
Through whatever, I'm just hopin'  
Me and you can stay together

If you want me to stay, I'll never leave you  
Won't play for real, it's just me and you  
Can't count the ways that I feel you  
And can't sleep the days if I don't see you

If you want me to stay, I'll never leave you  
Won't play for real, it's just me and you  
Can't count the ways that I feel you  
And can't sleep the days if I don't see you
