[Lumidee]  
It's like something taking over me  
Don't know what it is, can't control the heat  
Got me snappin my fingers, moving my feet  
How do you move to protect this hands on beat  
So fresh so clean, on the scene  
This is what they mean, be all you can be  
They said I gotta track, so I couldn't fall back (nah)  
Certified heat, yes that's a fact (that's right)  
So I'm cracked on ends, it's a win  
Right there while you was sleeping in (go 'head)
