(Lumidee)

Listen baby, I been around
I know that you like
How I wear my crown
I know that I'm something
That's so profound
So far what I'm hearing
Look I like the sound (Huh)
Everybodys talking about it
We could be tough (ooh)
Why would you doubt it
Ya...palms is sweaty
And your heart starts pounding
This is what your feeling (huh)
Tell me about it

(Tony Sunshine)

She's like the wind, through my trees
(baby yea)x2
She rides at night, next to me
Like you won't believe (nnnooo)
She leads me through moonlight
Only to burn me with the sun
Damn it, I believe she knows
She's taken my heart
She doesn't know what she's done
Baby please

(Chorus)

I feel her breath in my face
Her body close to me
Can't look in her eyes
She's out of my league
Ooohhh
I'm just a fool to believe
She's got anything I need
She's like the wind
Lumidee)
If you can't conceive with nothing
Cause you just let it be nothing
Good, we just hanging around

Sneaking a look when I can just put you down

Tony:

Girl I look in the mirror (what you see)
And all I see (tell me what you see girl 2x)
Is a hell of a man, with only a dream
Am I just fooling myself yea
Thinkin she'll stop the pain (yes she will 2x)
Living without her, I'd go insane
Damn it I believe she knows

Chorus:

Lumidee:

Look I'm right here, come on toughen up
Boo get it together and just try your luck
Ever since I heard that you got this little crush I,
Passed your way and it's given me a rush so I,
Peeped your style, yes I'm impressed
Always with the best, put them other dudes to rest
So you aint got to stress cause I got what you need
I could ease your pain and fullfill all your dreams

Tony:

I'm just a fool to believe she has anything I need

Chorus:

Lumidee:

If you can't conceive with nothing
Cause you just let it be nothing
Good we just hanging around
Sneaking a look when I can just put you down

Lumidee:

If you can't conceive with nothing
Cause you just let it be nothing
Good we just hanging around
Sneaking a look when I can just put you down
