[x2]

Give me something I can feel like  
Give me something that's for like  
I think its the one for me and me for you  
Our destiny, Its waiting to be fulfilled  
Follow your heart I know you will

Give me the worlds the melody  
You play the music right to my beat  
Larger than life the air I breath  
Your so much than I could dream

[CHORUS]

I lose my mind how you shine your so fine  
Can be mine?  
Until the end of time  
Until the end of time  
All mine  
All mine

[BRIDGE]

My heart you got that  
My soul you got that  
My all you got that  
My love you got that

[x4]

I can be your girl

[x2]

Give me something I can feel life  
Give me something that's for real life  
Like Romeo and Juliet I been so in love since we first  
met

It really is that's how I feel  
If fate took you from me I couldn't deal  
I vision it seems so unreal  
I never knew this all I can feel  
My happiness goes throw and than  
I knew are time was so well spent

[CHORUS]

[BRIDGE]

[x4]  
I can be your girl
