Oh, baby, baby, you make me go crazy  
A game I ain't playin', I must be your lady

Yo, I call her shorty like my dude's in the south do  
Lollipop in the jaw, people in the mouth do  
Latina, make it rain like Katrina  
Got the Guavalina, we could hit the Pecina

Baby, you see I creep for weeks  
Even step on the streets, now I sleep on the beach  
'Cause you movin' on up, showin' all love  
That cush on the table, you could roll it all up

Your friends all hate whenever I come out  
'Cause I got you locked down, keep you right in the  
house  
Cooking that Pollo Guisado, get my stomach like, wow  
Just thinking about it, I miss you right now

I be actin' like a fool when you call my number  
It must be a spell that you put me under  
Butterflies in my stomach like I'm twelve or somethin'  
And my girls are lookin' at me like I'm really buggin'

I swear that it's crazy how you make me feel  
Got me fidgetin' and movin', I just can't stay still  
Like, ooh, ooh, pulled up in the truck like, ooh, ooh  
Got to aim it so high like

Baby, baby, you make me go crazy  
A game I ain't playin', I must be your lady like  
Baby, baby, I'm not too shabby  
But if you really with it come ride in my caddy like

You be coming down the block with the boomin' system  
Waitin' all week, no, I ain't going to miss him  
Want to take you to a spot where it's really jumpin'  
Enough with the talking, baby, show me something

With the frontin', yeah, you got me open  
And you keep laughin' like you think I'm jokin'  
Like, ooh, ooh, pulled up in the truck like, ooh, ooh

Got to aim so high like

Baby, baby, you make me go crazy  
A game I ain't playin', I must be your lady like  
Baby, baby, I'm not too shabby  
But if you really with it come ride in my caddy like

Baby, baby, dame, baby, you got me  
My last name N.O.R.E. but my first name Papi  
I let her call first, I call her back, never sweat her  
though  
'Cause her ex man, yo, smoke on oregano

I'm the realest dude that she'd probably ever seen  
She never got high off sour dez green  
We both were in our twenty's so with similarities  
She still get jealous off my Myspace page

Chicks, they wanna chase me, chicks, they want date  
me  
Get me tied up in a hotel and rape me  
But I'm the type to brush it off 'cause I got a butter soft  
Her name start with M to her friend like my friend too

Baby, baby, you make me go crazy  
A game I ain't playin', I must be your lady like  
Baby, baby, I'm not too shabby  
But if you really with it come ride in my caddy like

Baby, got me thinkin' 'bout you daily  
'Cause you know that you're so hot  
Yeah, you could reach that spot  
Come over, won't you save me?

Baby, got me thinkin' 'bout you daily  
'Cause you know that you're so hot  
Yeah, you could reach that spot  
Come over, won't you save me

Baby, baby, you make me go crazy  
A game I ain't playin', I must be your lady like  
Baby, baby, I'm not too shabby  
But if you really with it come ride in my caddy like
