He's the man with all the toys

Someone found a lighted house late one night  
And he saw through the window a sight  
A big man in a chair  
And little tiny men everywhere  
He's the man with all the toys

Well how thrilled that someone must have been  
And he must have been tempted to go in  
He stayed out in the cold  
And when he left them he told  
About the man with all the toys

He's the man with all the toys

The man with all the toys  
He's the man with all the toys
