No word from you today
In time you'll wish you stayed.
For now you've lost your nerve
Your actions so absurd.

Where's your spine
Sense of pride
Sense of worth
Passerby, your nothing or no one.

(And, you'll never know, you'll never know, you'll never
know.)

The next time you speak
You'll speak of me
I'm sure it will all be lies.
And now that I have a voice in this
I'm sure it will all subside.
A friend in need, is a friend in need.
But will I underline
That I, care nothing for your
Past or prime.
Sickness or amount of time.
Absent mind.
You lied, your nothing or no one. in July.

There you go hiding.
There you go alone.
Your eyes are drying.
On your own.
There you go hiding.
There you go alone.

There you go hiding.
There you go alone.
Your eyes are drying.
Your ass alone.
