(Alabama)

There's a road that I remember leading to a special
place

Where the door was always open to a smiling face

There's a picture on the mantle of a boy who looks like
me

And it's always the same, there's a stocking with my
name

And a candle in the window, a flame against the night

There's a candle in the window, it's like God's perfect
light

Now it don't take a lot of money to know what riches are

Just a candle in the window

Oh at Christmas, in your heart, in your heart

Maybe it's just wishful thinking I can hear the sleigh
bells ring

Almost taste the pie Momma's baking, it's Christmas
Eve

And there's a candle in the window, there's a flame
against the night

The candle in the window, it's like God's perfect light

It don't take a lot of money to know what riches are

Just a candle in the window and Christmas in your heart

Wherever the years may take me no matter how far I
go

There's going to be a candle burning, it's always nice
to know

It don't take a lot of money to know what riches are

A simple candle in the window and Christmas in your
heart

In your heart, in your heart

Just a candle in the window, just a candle in the window
