(Dwight Yoakam)

Come on Christmas
Please take me away
Keep me hidden safe
'Til January's second day
Come on Christmas
Come on Noel

I'll wrap myself
Up in the cheer
That's so abundant
This time of year
Come on Christmas
Come on Noel

Even though it's just September
I can forget to remember
All the empty nights
Still in my way

Come on Christmas
Embrace me with some joy
'Til the last few lonely moments
Of this year have been destroyed
Come on Christmas
Come on Noel

I'll just let visions of the season
Blind these worn-out sights
Still in my mind
Come on Christmas
Come on Noel
Come on Christmas
