(Alabama)

Snowy days and frosty night, everything looks cold and white

Hangin' 'round the mistletoe, hangin' 'round the mistletoe

Christmas day will soon be here, and everybody's full of cheer

Hangin' 'round the mistletoe, waitin' for you dear

Well, I've waited all year long and nore the year is almost gone

Hangin' 'round the mistletoe, hangin' 'round the mistletoe

But if that's what I've gotta do just to get a kiss from you

Hangin' 'round the mistletoe, waitin' for you dear

Christmas is a special time to give and to receive
For every little kiss you give me I will give you three
You ain't gonna miss one kiss, that's one thing you'll never miss

I'm hangin' 'round the mistletow waitin' for you dear

Well, I've had my eyes on you for a long, long time
So, I'm asking Santa please, make that pretty girl mine

Waited till I'm cold and blue just to get a kiss from you
I'm hangin' 'round the mistletoe, waitin' for you dear

Hangin' 'round the mistletoe, waitin' for you dear
