Left my hotel in the city  
Everythin' was clear and set  
You were on your way and sittin' pretty  
That was just a bait and switch

Say a prayer for you and me  
Say a prayer tell me do you miss me

23 minutes in Brussels  
Why can't they just leave us alone  
Are we gonna to get into a tussle  
Cannot take an airplane home

Say a prayer for you and me  
Say a prayer tell me do you miss me

Say a prayer for you and me  
Say a prayer tell me do you miss me

Say a prayer for you and me  
Say a prayer tell me do you miss me

Say a prayer for you and me  
Say a prayer tell me do you miss me
