Seventeen dreams for you  
They'll all be gone tomorrow  
Pull me a face  
And say something witchy  
It's time to get out of your bed

Some people talk like babies  
Others say nothin' at all  
Give me a slug  
From the wonderful jug  
It's time to get out of your head

Well we're travelin' light  
Gonna speed through the night  
Only now you recall  
It means nothing at all

You were stuck in a dream  
And you wanted to scream  
But it's nothing at all  
No it's nothin'

Don't wanna go to class  
Said they could kiss you goodbye  
You've got no choice  
Feel like Christopher Boyce  
Time to get out of your bed

Words you don't understand  
Are all makin' sense tonight  
It's hard to think straight  
When you're feelin' so great  
Only wanna get out of your head

Well we're travelin' light  
Gonna speed through the night  
Only now you recall  
It means nothing at all

You were stuck in a dream  
And you wanted to scream  
But it's nothing at all

No it's nothing at all

Well we're travelin' light  
Gonna speed through the night  
But it's nothing at all  
No it's nothing at all
