Stay away, I fought through the night
A bullet in motion in a blanket of city lights

Today, I saw you on the train
With lovers lips, he kissed your face
The fever was blinding
I've gotta put you, behind me

I'm on my way
There's not a doubt in my mind
Make no mistake
This time is passing by

Easin' the pain
These pills are treating me right
Temporarily insane but I will be just fine

In this race, I'll wait, stale frozen in time
The ticking of silence
Only the strong survive, they say
My silhouette remains
Fading remnants of today

So scatter the ashes
Cause I'm moving trough the past and

I'm on my way
There's not a doubt in my mind
Make no mistake
This time is passing by

Easin' the pain
These pills are treating me right
Temporarily insane but I will be just fine

I'm on my way
There's not a doubt in my mind
Make no mistake
This time is passing by

Easin' the pain
These pills are treating me right

Temporarily insane but I will be just fine

I'm on my way

I'm on my way

I'm on my way

Temporarily insane but I will be just fine

Temporarily insane but I will be just fine

Temporarily insane but I will be just fine
