TRANSLATION

I wish for On this kind of night
(I wish for) I dream
I wish for Everything I'd lost
(I wish for) Even now

When time ticks away with a sigh in the middle of a
long night
When I remember my dream of you repeats
Loneliness embraces me
Even if you want eternity you feel only an instant
At that time blue feelings engraved on the inside
There is no answer

I wish for On this kind of night
(I wish for) I dream
I wish for Everything I'd lost
(I wish for) Even now

Alone inside of the dark labyrinth

Where I am is still unknown
And where I am going is still unknown
Afraid of tomorrow like pupils had gone cold
But now, the dream wears out
Embrace me gently

I wish for On this kind of night
(I wish for) I dream
I wish for Everything I'd lost
(I wish for) Even now

When time ticks away with a sigh in the middle of a
long night
When I remember my dream of you repeats
Loneliness embraces me
Even if you want eternity you feel only an instant
At that time blue feelings engraved on the inside
The answer is not known

Afraid of tomorrow like pupils had gone cold
But now, the dream wears out
Embrace me gently

I wish for On this kind of night
(I wish for) I dream
I wish for Everything I'd lost
(I wish you) Even now
