What about a child that is not wanted?  
Every week a baby is left in the garbage  
And what if we just make a mistake?  
But it's "okay if a woman is raped"  
Oh no you're wrong!

Walking along with my sisters  
Walking along getting blisters  
Singing our song, me and my sisters  
Screaming along with brothers too  
And we say

I've got something to say to you honey  
Keep your hands off my body!  
Never go back never go back never go back, no!  
Never go back never go back never go back, no!  
Take that hanger, take that hanger, take that hanger  
And scratch your back, scratch your back,  
scratch your back, scratch your back

What about a child that is not wanted?  
Every week a baby is left in the garbage  
And tell me now  
And what if we just make a mistake?

It's "okay if we are raped"

Is procreation what you think we're for?  
You support the death penalty  
But who will support my baby and me?  
Never go back!

Killing doctors while you're praying?  
How many rosaries are you saying?  
I'm... 1½ bleeding to death from a booched  
abortion  
Gotta have a choice it's "the only solution!"  
Never go back never go back never go back, no!  
Never go back never go back never go back, no!  
Take that hanger, take that hanger, take that hanger  
And scratch your back, scratch your back,  
scratch your back, scratch your back

Watch your back! Never go back!  
Never go back! Never go back!
