She can dance
She can sing
She can do most anything
She is the jerk the jerk of all trades
She can built
She can fight
She can bust at your light
She is the jerk the jerk of all trades

Never ever ever ever underestimate
She will kill you kill you with her hate
She is the jerk the jerk of all trades
She can write
She can pose
She can punch you in your nose!

She can dance
She can sing
She can do most anything
She is the jerk the jerk of all trades

She can bust at your light
She is the jerk the jerk of all trades

Never ever ever ever underestimate
She will kill you kill you with her hate
She is the jerk the jerk of all trades
She can write
She can pose
She can punch you in your nose!

With a hammer and nails
Or lipstick and tails
She is Woman!
