Oh baby made of confection
please give me some of your affection
you taste so nice, you can't go sour
I love you, lick you by the hour
Sugar Luv'
oh honey your so sweet
I just got to have some of that candy meat
hey little lover you feel so good
hold me all night, I know you could!
Sugar FUCKIN Luv'
love me all the time, I'll be your slave
huggin and a kissin, rockim to your grave
'cause in the night I dream of you
I think of all the groovy lovin we can do
