With all you got, you're throwin it away
With all you got, you're throwin it away
With all you got, you're throwin it away

Even if you have it all someone else has more
Even if you got a car crash it into a wall
Even if you got a rainbow throw away the pot of gold
Even if your eyes are open you just don't see the light

With all you got, you're throwin it away
With all you got, you're throwin it away
With all you got, you're throwin it away
With all you got, you're throwin it away

Even if you got what you want you'll say you wanted
more
Even if you sleep on diamonds roll over onto coal
Even if you smell the roses you just take home the
thorns
Even if your skies are clear you just bring in the clouds

Can't hold on for one more day
Can't hold on for one more day
Can't hold on for one more day
With all you got, you're throwing it away

With all you got, you're throwin it away
With all you got, you're throwin it away
With all you got, you're throwin it away
With all you got, you're throwin it away
x2

Even if you think you're god,
You're nailed to a cross
Even if your bike is found
Complain that you are lost
Even if I love you more
Turn it into disdain
Even if the sun is shining
It's pouring acid rain

Can't hold on for one more day

Can't hold on for one more day
Can't hold on for one more day
With all you got, you're throwing it away
