I wanna take you on a rollercoaster
I wanna tell you that I'm feeling closer
I wanna push it right over the line(2x)
The line that you draw when you draw me near (2x)

I want(9x) to leave you far behind
I want(9x) to leave you far behind

I wanna take you on a rollercoaster

I wanna tell you that I'm feeling closer
I wanna push it right over the line(2x)
The line that you draw when you draw me near (2x)

I want(9x) to leave you far behind
I want(9x) to leave you far behind

I want(9x) to leave you far behind
