Mania - all people want the same
Mania - for money they go insane

Money is all what's on your mind
For money you're deaf, for money you're blind
You are the boss, you respect no laws

If there is a change to gain more
You fuck the rules, you act like a whore
And you don't care about what people say

Asshole - my soul is not for sale
Bastard - I won't be your next prey
Fuck you - I don't listen to what you say
Eat shit - for no money I will obey

Money - causing a mass insanity
Money - destroying humanity
Money - trying to lead astray
Money - but I will never betray
