Standing in front of the mirror
And everything seems to be wrong
All I see is a pale, ugly woman
Too tired to anything against it

You turn up and lead me back on my way
Because I went astray
You just treat me like a princess
And I start to feel like it

If I could see me through your eyes
If I could touch me with your hands
If I could smell me with your nose
What would I be like ?

On these days, and everything seems to be wrong
I'd like to know what you think when you look at me
What do you see ?
'cause when I look at you, you seem to be perfect
I don't deserve you, it's so hard to believe that you are
really in love with me

If I could see me through your eyes
If I could touch me with your hands
If I could see me through your eyes
What would I look like ?

If I could see me through your eyes
If I could touch me with your hands
If I could smell me with your nose
What would I be like ?

(If I could see me through your eyes...) What would I be
like ?

(If I could touch me with your hands...) What would I be
like ?

(If I could smell me with your nose....) What would I be
like ?

What would I be like ?

(If I could see me through your eyes...)

(If I could touch me with your hands...)
(If I could smell me with your nose...)
What would I be like
