She used to think for everyone except herself  
Asked anyone if they agreed with her  
Was too unsure to make decisions  
Because she didn't want to let somebody down  
But now it's time to set course for self-determination

Go on go on - just listen to your feelings  
Go on go on - it is what it means to be living  
Go on go on - if you waver too long  
Because you're scared to do wrong  
Somebody else will come and take your place  
And you will end up stuck in the crossing

She used to go where they wanted her to go  
She used to think what they wanted her to think  
Content to see satisfaction of another she forgot about  
her plans  
But now it's time to head for self-realization

Go on go on - just listen to your feelings  
Go on go on - it is what it means to be living  
Go on go on - if you waver too long  
Because you're scared to do wrong  
Somebody else will come and take your place  
And you will end up stuck in the crossing

In all probability she'd need a bit of vanity  
Little girl - look for yourself!  
Finally you got to stop sacrifice yourself  
"Saving" everybody else and later you're in agony!  
They're all so selfish - sad but true  
You need to learn this, too

Go on go on - just listen to your feelings  
Go on go on - it is what it means to be living  
Go on go on - if you waver too long  
Because you're scared to do wrong  
Somebody else will come and take your place  
And you will end up stuck in the crossing

Go on go on

Go on go on  
Go on go on  
Go on go on
