"Is It Kool?"

Visit "[Is It Kool?](#)" on MotoLyrics.com

Is it cool to fuck?
(bitch, whatcha wanna do)
If not just suck
(dick sold for a nickel)

Verse 1:

Baby tell me is it cool to touch me
Before we room it up
Do you need the strawberry booms to fuck
Cut up the tunes and bump
What up my name is Yukmouth
But that don't mean I eat the pussy or the butt out
Or you could get the fuck out my vehic
Cause, eating your pussy I can't see it
A million other bitches I could be wit
Believe it, see it aint aloud in the Lexo
Don't talk that way
I'll drop your ass half a block away from the ghetto
With the club via Freak Nasty
Debbie doesn't but drinking niggers bubble up Freak
Nasty
Pass me that baggy of doe doe
Global conversation on the mo mo, dig this

If you would like to blow the endo
Lets go Holiday Inn in the ego
Open the no smoke out the window
Roll back to back when I'm in on my business

Is it cool to fuck?
(bitch, whatcha wanna do)
If not just suck
(dick sold for a nickel)

Verse 2:

Billy, put your seatbelt on
I aint got no bills
Plus once up the ass and the streets full of Tash
(I just shake my ass)
That aint gonna work
But it will for me

Lets see, pull up your skirt
Let me feel the monkey
It kinda smells
You fine but you got to take a shower
I could tell
Lets skate, blaze the hep, crack the Henney
Here, hit that
Don't, that's a no, give it back
Damn, you ever met a bitch that need a muzzle
I got some gin in the back you can guzzle
By the way what's your motherfuckin name?
(you forgot already)
Shit, I just cross reference with game
Change your train of thought
I was taught to speak now and ask questions later
Cause bitches quick to catch the vapors

Is it cool to fuck?
(bitch, whatcha wanna do)
If not just suck
(dick sold for a nickel)

Tell me what's up
Is it cool to fuck?
Tell me what's up
Is it cool to fuck?

Verse 3:
Baby tell me is it cool to fuck
But you already knowin
Its 5 o'clock in the morning
Where the fuck you think we going yet bitch
Get blunted and beep
How we creep in Vineto 600 this week though

Sit your asses
Look at mesmerizes eyes that twinkle
Bitches astounded by the Chinese and Peroneco
Hey you, hit the showel
Towels in the back, check it
And when you done bring your ass out here

Surround by sounds coming out the walls
My little freak nasty bitch start coming out her draws
And all and all
She like to eat dick, a can of balls and her jaws
Go down the chimney with Santa Clause

Wheres my bitch?
Three plus one equals four
Naked motherfuckers

Big orgies on the floor
Bitches knees sore
Rug burns, broken lamp shades
What a party this trash made

Is it cool to fuck?
(bitch, whatcha wanna do)
If not just suck
(dick sold for a nickel)

Tell me what's up
Is it cool to fuck?
Tell me what's up
Is it cool to fuck?

Is it cool to fuck?
(bitch, whatcha wanna do)
If not just suck
(dick sold for a nickel)
