I fucked you you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothing but a freak and no future in the front

Verse 1:

Bitches be lovin' how I dick em
When I get them in the mood to fuck
They hold up all my nuts and lick em
They break me off cash flow
Any damn thing I ask for
So a nigga paid up the asshole
Some fools be thinking they gotta win her like Bruce
Jinna
But Joe Tenner is letting every nigger run up in her
Most of the tricks I pick up
Like to get fucked
As a bitch is a bitch as a hoe is a quick nut
Like this slut named Kim I knew
She fucked me, fucked him
And she fucked all of them too
So we worked the train on her
And left enough stains on her neck
Looking like a gold chain on her
No free high, the hoochie couldn't find two
Even though she popped that coochie like the hole
from 2 Live Crew
So if you bump into this bitch on the streets
And you like the pussy deep, nigga speak
Because she's just a freak

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Cause a bitch is a bitch as a hoe is a quick nut

Verse 2:

I'll be rolling through your cup
Motherfuck, you what's up
Its that little nigga Yuck
And I don't give a fuck

Rolling through your neighborhood
Motherfucker, yo it's me
The capital N-U-C, K, L to the E
See this is for them hoes and the trick tramp sluts
All these stupid bitches on my motherfucking nuts
All up on my nuts cause a niggas getting richer
Didn't mean to hit ya, hope you get the picture
Back in 91' you was a little bit stuck up
Acting like you didn't have time for the fuck up
Trying to walk the halls wit that little switch
Trying to play that roll but you aint nothing but a bitch
A bitch on my dick cause you hoes make me sick
Come and get a lick of the dicks do a trick
Caught you in the mix with a fix turning tricks
Fucking one nigga while you licking two dicks
She's a freak

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothing but a freak and no future in the front

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Cause a bitch is a bitch as a hoe is a quick nut

Verse 3:

My dick up, but hick up bitch
But don't stick up your nose
Cause you don't look shit like En Vogue
Hoes taxi around them gold ones
Acting like they don't fuck no one
Be the master like Sho Gun
At the hot tubs making a gang of waves
Hoe in the cunt doing stunts like Super Dave
Ballas call her the human giraffe
No joke cause that ass be deep throating niggas on the
quick fast
With no whiplash
You see me footing it but couldn't it be cool
Won't buy you assy food when we cruise, you lose
She give niggas blues like 505 don't ask why
I guess that stank bitch is a fall guy
You got no bucks, you can't fuck
We'll that's how I put it
C&H got that hole on tape, straight footage
The same bitch that wouldn't speak was on the TV
screen
Sucking everybody mean
Because she's just a freak

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothing but a freak and no future in the front

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Cause a bitch is a bitch as a hoe is a quick nut

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothing but a freak and no future in the front

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
